

# AnyMeeting

Smarter, faster, engaging and actionable meeting experiences.

### Plug and Play

Easy to use, no heavy IT infrastructure required.

### Streamline Workflows

Embed your online meeting experience into everyday applications like Google®, Microsoft® and more.

### Meet Anywhere

Host and join meetings wherever you go with the AnyMeeting mobile apps.

### Conference Rooms

Keep your hybrid workforce connected and extend the powerful collaboration capabilities of Unite to any conference room.

## ANYMEETING DESKTOP APP:

Built-in collaboration tools make it easy for participants to collaborate in-real time.

**Record:** Record meetings and play them back anytime.

**Encryption:** Lock down your meeting with an extra-layer of security.

**Settings:** Access advanced security features, virtual backgrounds, and more.

**Screen share:** Share content and use screen annotation to collaborate in real-time.

**Webcam:** Share your webcam to connect in HD video.

**Audio:** Mute and access extended audio settings.

**Panel:** View attendees, chat, take notes and more.

## ANYMEETING MOBILE APP:

### Meetings on the go

Host and join meetings from wherever you go. Your meeting schedule and information sync across mobile and desktop applications allowing you to collaborate from anywhere.

Use the **webcam** icon to turn your camera on or off.

Use the **microphone** icon to mute and unmute.

Use the people icon to view meeting attendees.

Extended **settings** for audio and visual display.

Use these icons to access **live chat** and notes.

Download the apps to get the most out of AnyMeeting
