

Your business phone, in the palm of your hand

Mobile workers now have instant access to their corporate phone extension – anywhere, anytime, and on any device.

ALL-IN-ONE

Place calls, send chat or texts, share files, and start video conferences—all from your mobile device.

CONNECTED

Your business phone number & extension extends to your mobile phone, ensuring you never miss an important call

PRIVATE

When you place a call, the mobile app sends company caller ID info, never your personal cell number

THE INTERMEDIA UNITE MOBILE APP

This powerful mobile application transforms your phone into an essential collaboration tool, making teamwork on-the-go easier than ever. See who is available, send and receive chats and texts, place calls, view voicemails and more—anytime, anywhere.

NEVER MISS IMPORTANT CALLS

Extend your business phone number and extension to your mobile phone, so you can place and receive calls on-the-go or even transfer calls from your desktop phone to your mobile device—seamlessly, without interruption.

EASILY COLLABORATE FROM ANYWHERE

Your full desktop chat and text history is synchronized with your mobile device so you can stay connected and continue conversations no matter where you are.

The Unite Mobile App is available in both Android and Apple iOS versions. Download it for free in the Google Play Store or Apple App Store.

ENTERPRISE CALLING FEATURES

Use your mobile phone just like your desktop phone

Search for company contacts, manage multiple calls, place calls on-hold, and transfer calls with just a tap or two.

Move between your desk and mobile phones with ease

One-touch transfer to your desk phone with the Call Flip feature—without disconnecting your call.

Easily manage your voicemail

Voicemail with transcription and on-screen voicemail management.

Make sure callers can reach you anywhere, anytime, on any device

Rings your desk and mobile phone simultaneously—no more missed calls

Be more productive with the phone system

Get recommendations for custom calling rules based on your calling patterns, preferences, time of day, calendar appointments, location, length of call, caller ID, and more.

TEAM CHAT AND BUSINESS SMS

Be more reachable and professional

Send and receive secure chats with team members on-the-go

Keep the conversation going, no matter the device

Mobile chats/SMS and desktop chats/SMS are instantly synchronized, with access to full chat history across devices any time.

Reach your frequent contacts quickly

Pin favorite contacts to the top of your list.

Lets you know if your contact is free to talk

View free/busy/away statuses of all your contacts

Helps employees to be more efficient

Quickly get answers to questions even if you're on the phone with another team member

Improve productivity and collaborate better, together

From your mobile device, sync contacts from popular third-party platforms (Office365®, G-Suite™ and more) to all your Unite Apps.
